Clairerecords, in conjunction with *toneVENDOR*, presents the very first volume in a new quarterly compilation series titled "test tones". The idea behind the series is to showcase some of the best bands, labels and releases offered by *toneVENDOR* mailorder (formerly known as Clairerecords Mailorder). *toneVENDOR* launched its way into the public eye in mid-August, 2002 and has been a rousing success ever since. This new quarterly compilation series will present many talents - new and old - to the masses at less than the cost of a single.

Our first volume kicks off Autumn 2002 in a major way. Cramming 20 tracks by 20 bands in just a hair short of 80 minutes, this puppy's got flava. Exclusive tracks from artists like Spraydog, Electro Group, Delta Waves, Martin Finke, and Skywave make this a no-brainer purchase as it is. But then you get a healthy sampling of 15 other fabulous recent and forthcoming releases by hot-ticket artists such as Paik, Edison Woods, Racermason, Highspire, Aberdeen, Astropop 3, VR, Con Dolore, Ross Beach, Fosca, Christiana, Paper Moon, Secret Shine, Resplendor, and Experimental Aircraft. These artists are the cream of the crop from labels such as Clairerecords, Endearing, Shinkansen, Top Quality Rock & Roll, High School Champion, Tremolo Arm Users Club, Better Looking, Rollerderby, Alison, Kittridge, Mango Music, Planting Seeds, A Bouncing Space, Burnt Hair, and more! These are all labels which stand proud in today's independent music community, so you need to check out what they have to offer!

This release, as with all future volumes in the Test Tones series, is strictly limited to 1000 copies, with only half of that amount available to distributors and record shops worldwide. So come on - Test some Tones today!
